Senior Manager (Development Training)

Summary

Qualified as Aviation Security Professional Manager in charging of passenger and baggage security screening. Currently responsible for running executive coaching, leadership and management development training for security supervisors of Hong Kong AVSECO .

Prior to this, I have over 31 years of proven operational and senior management experience in law enforcement, with 22 years specialized in Police Explosive Ordnance Disposal (EOD) which covered:

- # Improvised Explosive Devices (IED) and Conventional Munitions (CM) Disposal operations;
- # Security screening and counter-terrorism operations;
- # Explosives detection and identification;
- # Explosive handling and storage;
- # CBRN threat assessment and contingency planning;
- # Technical information and intelligence analysis;
- # Blast effect and bomb scene investigation;
- # Training of bomb disposal operators;
- # Bomb Incident Management Advice;
- # Bomb threat assessment and bomb awareness training;
- # Physical security management and counter-measures; and
- # Emergency Preparedness and Response.

I have conducted numerous training on a wide range of security topics and have delivered presentations to international EOD/CBRN conferences held respectively in Hong Kong, China, Singapore, Thailand and Australia.
